Unique Entity ID: YBRACKPQBES
 Cage: 16R9
 NAICS: 541690, 541611, 541618, 561612
 Nationwide Government & Critical Industry

Bio

Leonidas Security Consulting is led by Christopher Leonidas, Founder & Principal Advisor. He brings experience in physical security, risk management, and continuity planning across federal and high-risk environments. His work focuses on helping organizations identify risks, validate their security posture, and maintain operations during disruptions.

Advisory Structure

The firm is structured with a senior security advisor with over two decades of experience in physical security, mission assurance, emergency management, force protection, and anti-terrorism. This structure supports scalable advisory engagements across federal, commercial, and high-risk environments nationwide.

Download the Executive Risk Brief to assess your business function and security posture.

A concise overview of how to identify risk, validate security posture, and protect operations.
